READ!

- Read books with your child in your native language every day. A few pages at a time is plenty!
- Spend time looking at the words and pictures and talk about what the pictures mean.

TALK!

- Talk often with your child about things in the environment and what your child is doing.
- Expose your child to new vocabulary words as much as possible.

PLAY!

- Give your child large crayons, markers, and finger paints to scribble and draw.
- Give your child toys to pretend play with so they can try out different roles.
